Letter Opposing Relaxation of FCC Standards re: Media Ownership

FILED/ACCEPTED

June 30, 2006

DEC 21 2006

Dear Member of Congress:

Federal Communications Commission
Office of the Secretary

I wish to join the millions of Americans opposed to any relaxation of the FCC's standards governing media ownership. Reports that the FCC is re-visiting the same proposed rules changes that resulted in a firestorm of public outrage from all corners of American society back in 2003 shocks and dismays me. Indeed, the regulations governing same market media ownership need to be strengthened, not diluted.

This nation was founded upon a bedrock principle that encouraged many voices to speak freely and contribute openly to the chorus of democracy. Allowing one media conglomerate to own as many as three television stations, eight radio stations and the sole daily newspaper within a single city—as had been proposed in 2003—would grant one company's managers a virtual stranglehold over all editorial content flowing into that community. Its monopolistic advantage would stifle other media's ability to flourish and present alternative views. In effect, the chorus of ideas that we value in our democracy would be diminished to a tedious monotone, droning out one company's preferred view of the world, culture and politics. We simply cannot allow that to happen.

It is of fundamental importance that you ensure the FCC follows its mandate to police the private corporations to whom it leases our public airwaves. It is even more important that neither the FCC nor Congress give in to the mounting pressure of the media conglomerate lobby, as it seeks ever-greater control over existing markets, as well as emerging markets (such as the Internet.) Diversity is our ultimate ally. Please do your part to preserve and encourage the diversity of voices and free flow of ideas that are critical to our democracy.

As James Madison once said: "A popular Government without popular information or the means of acquiring it, is but a Prologue to a Farce or a Tragedy or perhaps both. Knowledge will forever govern ignorance, and a people who mean to be their own Governors, must arm themselves with the power knowledge gives."

We urge you to support the efforts of Rep. Maurice Hinchey (D-NY22) and fellow members of the Future of American Media Caucus, which is working diligently to protect the critical check on the power of government that the founding fathers intended by enshrining the protection of a free press in the Constitution.

Sincerely,

Allowing one media conglomerate to own as many as three television stations, eight radio stations and the sole daily newspaper within a single city—as had been proposed in 2003—would grant one company's managers a virtual stranglehold over all editorial content flowing into that community. Its monopolistic advantage would stifle other media's ability to flourish and present alternative views. In effect, the chorus of ideas that we value in our democracy would be diminished to a tedious monotone, droning out one company's preferred view of the world, culture and politics. We simply cannot allow that to happen.

It is of fundamental importance that you ensure the FCC follows its mandate to police the private corporations to whom it leases our public airwaves. It is even more important that neither the FCC nor Congress give in to the mounting pressure of the media conglomerate lobby, as it seeks ever-greater control over existing markets, as well as emerging markets (such as the Internet.) Diversity is our ultimate ally. Please do your part to preserve and encourage the diversity of voices and free flow of ideas that are critical to our democracy.

As James Madison once said: "A popular Government without popular information or the means of acquiring it, is but a Prologue to a Farce or a Tragedy or perhaps both. Knowledge will forever govern ignorance, and a people who mean to be their own Governors, must arm themselves with the power knowledge gives."

We urge you to support the efforts of Rep. Maurice Hinchey (D-NY22) and fellow members of the Future of American Media Caucus, which is working diligently to protect the critical check on the power of government that the founding fathers intended by enshrining the protection of a free press in the Constitution.

Sincerely,

Letter Opposing Relaxation of FCC Standards re: Media Ownership

June 30, 2006

FILED/ACCEPTED

DEC 21 2006

Dear Member of Congress:

Federal Communications Commission
Office of the Secretary

I wish to join the millions of Americans opposed to any relaxation of the FCC's standards governing media ownership. Reports that the FCC is re-visiting the same proposed rules changes that resulted in a firestorm of public outrage from all corners of American society back in 2003 shocks and dismays me. Indeed, the regulations governing same market media ownership need to be strengthened, not diluted.

This nation was founded upon a bedrock principle that encouraged many voices to speak freely and contribute openly to the chorus of democracy. Allowing one media conglomerate to own as many as three television stations, eight radio stations and the sole daily newspaper within a single city—as had been proposed in 2003—would grant one company's managers a virtual stranglehold over all editorial content flowing into that community. Its monopolistic advantage would stifle other media's ability to flourish and present alternative views. In effect, the chorus of ideas that we value in our democracy would be diminished to a tedious monotone, droning out one company's preferred view of the world, culture and politics. We simply cannot allow that to happen.
